riage, exportation, and importation of such birds and parts thereof and their nests and eggs, and in accordance with such determinations, do hereby amend as follows the regulations approved by Proclamation No. 2616 of July 27, 1944, as last amended by Proclamation No. 2699 of August 8, 1946, and as so amended do hereby adopt such regulations as suitable regulations, permitting and governing the hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, exportation, and importation of such migratory birds and parts, nests, and eggs thereof:

Regulation 3, "Means by Which Migratory Game Birds May Be Taken" is amended to read as follows:

Migratory game birds on which open seasons are specified in regulation 4 may be taken during such seasons only with bow and arrow or with a shotgun not larger than No. 10 gage, fired from the shoulder, except as permitted by regulations 7, 8, and 9, but they shall not be taken with or by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with a one-piece metal or wooden filler incapable of removal through the loading end thereof so as to reduce the capacity of said gun to not more than three shells at one time in the magazine and chamber combined. Such birds may be taken during the open seasons from land or water, with aid of a dog, and from a blind, boat or other floating craft not under tow or sail, except sinkbox (battery), motorboat (excluding a boat having a detached outboard motor), and sailboat; *provided*, that nothing herein shall permit the taking of migratory game birds from or by means, aid, or use of an automobile or aircraft of any kind, the taking of waterfowl by means, aid, or use of cattle, horses, mules, or live duck or goose decoys, the concentrating, driving, rallying, or stirring up of waterfowl and coots by means or aid of any motor driven land, water or air conveyance or sailboat; *provided further*, that nothing herein shall exclude the picking up of injured or dead waterfowl by means of a motorboat, sailboat, or other craft.

Waterfowl (except for propagating, scientific, or other purposes under permit issued pursuant to regulation 8), mourning doves and white-winged doves are not permitted to be taken, directly or indirectly, by means, aid, or use of shelled, shucked, or unshucked corn, or of wheat or other grain, salt, or other feed that has been so deposited, distributed, or scattered as to constitute for such birds a lure, attraction, or enticement to, on, or over the area where hunters are attempting to take them; *provided*, however, such birds may be taken over properly shocked corn and standing crops of corn, wheat, or other grain or feed, and grains found scattered solely as a result of agricultural harvesting.

A person over 16 years of age is not permitted to take migratory waterfowl unless at the time of such taking he has

AUTHORITY: §§ 280.101 to 280.115, inclusive, issued under Article Third, par. (b) of Corporate Charter of CCC; sec. 4 (a), 55 Stat. 498, 56 Stat. 768; 15 U. S. C. Sup. 713a-8; 50 U. S. C. Sup. 969.

§ 280.101 *Administration.* The program will be administered in the field by the County Agricultural Conservation Committees under the general supervision of the State PMA committees. County committees will arrange for inspections by federally licensed inspectors of eligible peas to be delivered to CCC, issue necessary delivery instructions, prepare and approve purchase agreements and other forms, and retain copies thereof. The county committee shall be responsible for determining the quantity and quality of eligible peas, the quantity of sound whole peas in each lot on the basis of federal inspection certificates, and the value of the peas delivered. The county committee may designate in writing certain employees of the county agricultural conservation association to execute such forms on behalf of the committee.

§ 280.102 *Availability of purchase agreements.* Purchase agreements will be available on eligible peas produced in the States of Washington, Oregon, California, Idaho, Montana, Colorado, North Dakota, Minnesota, and Wisconsin and such other States as the Director, Grain Branch, PMA, may hereafter designate. Purchase agreements may be executed from August 1, 1947 through December 31, 1947.

§ 280.103 *Eligible producer.* An eligible producer (hereinafter referred to

as producer) shall be any individual, partnership, association, corporation, or other legal entity producing eligible peas in 1947 as landowner, landlord, tenant, or sharecropper.

§ 280.104 *Eligible peas.* Eligible peas shall be peas of the classes Alaska, Bluebell, Scotch Green, First and Best, Marrowfat, White Canada, and Colorado White produced in 1947 which after normal cleaning would fully meet the requirements for U. S. No. 2 grade peas or better as defined in the Official U. S. Standards for Dry Peas, and as evidenced by a federal inspection certificate issued by or under the supervision of the Grain Branch, PMA.

The beneficial interest in the peas must be in the person tendering the peas pursuant to a purchase agreement, and must always have been in him, or must have been in him and a former producer whom he succeeded before the peas were harvested.

§ 280.105 *Approved warehouses.* Approved warehouses shall be those public warehouses approved by CCC. Warehouse receipts referred to in this bulletin shall be warehouse receipts issued by such warehouses and shall conform to requirements of CCC.

§ 280.106 *Approved forms.* Approved forms will include Purchase Agreement (CCC Purchase Form 1), federal inspection certificates, and such other forms as the Director, Grain Branch, PMA, may prescribe. All forms, except federal inspection certificates, may be obtained from county committees in areas where purchase agreements are available or from branch offices of CCC. Any fraudulent representation made by a producer in obtaining a purchase agreement, or in executing any of the documents, will render him subject to prosecution under the United States Criminal Code. Purchase agreements executed by an administrator, executor, or trustee will be acceptable only where legally valid. Purchase agreements must be dated prior to January 1, 1948.

§ 280.107 *Determination of quantity.* The quantity of eligible peas delivered shall be verified by a scale ticket where delivery is made from other than an approved warehouse, or by the quantity specified on a warehouse receipt where delivery is made in an approved warehouse.

The term "dockage" shall be used herein as defined in the Official U. S. Standards for Dry Peas.

The quantity of sound whole peas in the lot shall be the quantity of eligible peas minus dockage and other defects as defined in the Official U. S. Standards for Dry Peas. The quantity of sound whole peas in the lot shall be based on a federal inspection certificate and shall be computed as follows:

(a) If delivery is made in sacks, a deduction of $\frac{3}{4}$ pound for each sack shall be made from the gross weight and the result multiplied by the percentage of sound whole peas in the lot.

(b) If delivery is made in bulk, the gross weight shall be multiplied by the percentage of sound whole peas in the lot.

RULES AND REGULATIONS

§ 280.108 *Determination of quality.* On the basis of a federal inspection certificate, the county committee will determine the eligibility of the peas tendered, and if they are eligible, will determine the grade they would be capable of meeting after normal cleaning. Eligible peas may contain not to exceed 16.0 percent moisture, shall not have a commercially objectionable odor, shall not be heating, shall not be infested with live weevil or other insects, or be otherwise of distinctly low quality.

To qualify for the No. 1 support price the defects in the dockage-free portion of the eligible peas must not exceed any of the following maximum limits:

Total bleached and other classes, 1.5% (including other classes 0.5%); shriveled, 2.0%; cracked seed coats, 3.0%. The peas shall be a good natural color.

To qualify for the No. 2 support price, the defects in the dockage-free portion of the eligible peas must fail to meet one or more of the requirements for the No. 1 support price and must not exceed any of the following maximum limits:

Total bleached and other classes, 3.0% (including other classes 1.0%); shriveled, 4.0%; cracked seed coats, 6.0%. The peas may be slightly off-color.

The percentage limits here given for "other classes" apply only to those peas of which the cotyledons and/or seed coats are not the same color as those of the peas being inspected. An additional allowance of 5.0% for peas qualifying for the No. 1 support price and 10.0% for peas qualifying for the No. 2 support price shall be made for other classes of which the cotyledons and/or seed coats are of the same color as those of the peas being inspected.

All terms are used in this section as defined in the Official U. S. Standards for Dry Peas.

§ 280.109 *Service fees.* The producer shall pay a preliminary service fee of \$1.50 at the time he enters into a purchase agreement and an additional service fee of one cent per 100 pounds of sound whole peas, in excess of 15,000 pounds when delivered to CCC.

§ 280.110 *Liens.* Any peas delivered pursuant to a purchase agreement must be free and clear of all liens and encumbrances except warehouse receiving and loading out charges, if any. If liens or encumbrances exist on such peas, proper waivers must be obtained.

§ 280.111 *Set-offs.* A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the purchase agreement to the extent of such indebtedness but not to exceed that portion of the proceeds remaining after deduction of the service fees and amounts due prior lienholders. Indebtedness owing to CCC shall be given first consideration after claims of prior lienholders.

§ 280.112 *Assignment of the purchase agreement.* The producer may not assign the purchase agreement.

§ 280.113 *Purchase price and payment.* The purchase price for each class and grade of eligible peas shall be the applicable price as follows:

Class	No. 1 support price	No. 2 support price
Alaska, Bluebell, Scotch Green, First and Best, Marrowfat, and White Canada.....	\$4.40	\$4.15
Colorado White.....	4.15	3.90

These prices are based on 100 pounds net weight of sound whole peas determined in accordance with § 280.107.

CCC will purchase eligible peas delivered by the producer pursuant to instructions issued by CCC, or on the basis of warehouse receipts representing eligible peas issued by an approved warehouse in the producer's name. All charges incurred on such peas to the time of delivery, except warehouse receiving and loading out charges, shall be paid by the producer prior to the sale to CCC. Eligible peas may be delivered in bulk and no allowance will be made for delivery in sacks unless such delivery is specifically requested by CCC.

No allowances will be made for cleaning and processing costs. When delivery is completed, payment will be made as prescribed by the Administrator of PMA, subject to the provisions for set-offs in § 280.111. The producer shall direct to whom payment of the purchase price shall be made.

§ 280.114 *Delivery.* The producer who signs a Purchase Agreement (CCC Purchase Form 1) shall not be obligated to deliver any specified quantity of eligible peas to CCC. If the producer who signs a purchase agreement wishes to sell eligible peas to CCC, he shall within 30 days after May 1, 1948, or such earlier date as the Administrator of PMA may request, submit warehouse receipts representing eligible peas stored in an approved warehouse to the county committee. In the case of eligible peas not located in an approved warehouse, he shall notify the county committee of his intention to sell, and request delivery instructions. The producer must then complete delivery within the 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines more time is needed for delivery. Delivery shall be made to such points or approved warehouses as the county committee shall designate.

LIMITATION OF SHIPMENTS

§ 953.340 *Lemon Regulation 233—(a) Findings.* (1) Pursuant to the marketing agreement and Order No. 53 (7 CFR, Cum. Supp., 953.1 et seq.), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess.; 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which the section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 3, 1947, and ending at 12:01 a. m., P. s. t., August 10, 1947, is hereby fixed at 475 carloads, or an equivalent quantity.

calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

TITLE 9—ANIMALS AND
ANIMAL PRODUCTSChapter I—Bureau of Animal
Industry

Subchapter A—Meat Inspection Regulations

PART 7—FACILITIES FOR INSPECTION

PART 30—FEES

CHARGES TO BE MADE FOR COST OF
INSPECTION

By virtue of the authority vested in me by the provisions of the Department of Agriculture Appropriations Act for 1948 under the heading Bureau of Animal Industry, and act of July 24, 1919 (7 U. S. C. 394), Title 9, Chapter I, Subchapter A, Code of Federal Regulations, is hereby amended as follows effective immediately:

1. Section 7.4 is amended to read as follows:

§ 7.4 *Overtime work of meat inspection employees.* The management of an official establishment desiring to work under conditions which will require the services of an employee of the Division on Saturday, Sunday or a holiday or for more than 8 working hours of any day, including Monday through Friday, shall, sufficiently in advance of the period of overtime, request the inspector in charge or his assistant to provide inspection service during such overtime period, and shall pay the Secretary of Agriculture therefor in accordance with § 30.4 of this subchapter. It will be administratively determined from time to time which days constitute holidays. (41 Stat. 241, Pub. Law 266, 80th Cong.; 7 U. S. C. 394)

No. 151—2

2. A new Part 30, Fees is added to read as follows:

Sec.	
30.1 Fees.	
30.2 Assurance of payment.	
30.3 Rates.	
30.4 Overtime.	
30.5 Night differential.	

AUTHORITY: §§ 30.1 to 30.5, inclusive, issued under 41 Stat. 241, Pub. Law 266, 80th Cong.; 7 U. S. C. 394.

§ 30.1 *Fees.* (a) Persons granted the inspection or furnished meat inspection services on and after July 1, 1947 shall pay the United States therefor in accordance with the requirements contained in this part.

(b) Fees shall be charged against a person granted the inspection or furnished meat inspection services and such fees shall be paid in accordance with the requirements contained in this part.

(c) All fees provided for in this part shall be paid not later than the last day of each four week period during which such inspection or services are received.

(d) The chief of Division shall withhold or withdraw the inspection or service upon non-payment of a fee in accordance with the requirements contained in this part.

§ 30.2 *Assurance of payment.* (a) A person who is receiving or who is about to receive any inspection or service shall post a bond or make other assurance of payment.

(b) The bond or other assurance of payment referred to in paragraph (a) of this section shall cover an amount equal to ten times the total weekly fee. The bond or other assurance of payment shall guarantee payment for all charges for inspection or service including overtime, holiday, and night differential pay referred to in this part.

(c) The chief of Division shall withhold or withdraw the inspection or service upon failure of a person who has requested or who is receiving the inspection or service to furnish the assurance of payment required in this part.

§ 30.3 *Rates.* (a) In determining the fee to be paid by a person receiving the inspection or service the chief of Division shall designate the number of inspectors necessary for the conduct of an efficient inspection service and such fee shall be stated in terms of man-weeks. The charge for a man-week shall be \$89.60 per week.

§ 30.4 *Overtime.* (a) For each hour of inspection or service received by a person during the periods of overtime referred to in § 7.4 of this subchapter, except holidays which occur any day Monday through Friday, such person shall pay therefor \$2.58 per man-hour.

(b) For each hour of inspection or service received by a person on a holiday which occurs any day Monday through Friday as referred to in § 7.4 of this subchapter, such person shall pay therefor \$1.64 per man-hour.

(c) The overtime charges referred to in paragraphs (a) and (b) of this section shall be in addition to the payment provided for in §§ 30.1, 30.2, and 30.3.

§ 30.5 *Night differential.* (a) For each hour of inspection or service re-

ceived by a person between the hours of 6:00 p. m. to 6:00 a. m., except when such hours come within a period of overtime referred to in § 7.4 of this subchapter, such person shall pay therefor \$0.16 per man-hour.

(b) The charge referred to in paragraph (a) of this section shall be in addition to the payment provided for in §§ 30.1, 30.2, and 30.3.

Finding. It is found that the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Public Law 404, 79th Congress; 60 Stat. 237), are impracticable and contrary to the public interest with respect to this regulation in that the Department of Agriculture Appropriation Act, 1948, under the heading "Bureau of Animal Industry", "Meat Inspection", provides that payments shall be made for inspection or services rendered on or after July 1, 1947, and these regulations are promulgated to effectuate the purposes of that provision.

Done at Washington, D. C., this 30th day of July 1947. Witness my hand and seal of the Department of Agriculture.

[SEAL] N. E. DODD,
Acting Secretary of Agriculture.

TITLE 12—BANKS AND
BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the
Federal Reserve SystemPART 206—TRUST POWERS OF NATIONAL
BANKSACQUISITION OF INTEREST IN PARTICIPATIONS
OF COMMON TRUST FUNDS

The following interpretation under this part relating to acquisition of interest in participations of common trust funds was issued by the Board of Governors of the Federal Reserve System on June 19, 1947:

§ 206.101 *Acquisition of interest in participations of common trust funds.* The Board was recently advised by a bank that it occasionally makes loans to the trustors of revocable living trusts secured by assignments of their interests in the trusts. The bank inquired whether, when such a loan is made to the trustor of a trust which holds participations in the common trust fund operated by the bank, the bank acquires an interest in such participations within the meaning of the following provisions of § 206.17 (a):

(2) A bank administering a Common Trust Fund shall not invest any of its own funds in such Common Trust Fund and if a bank, because of a creditor relationship or any other reason, acquires any interest in a participation in a Common Trust Fund under its administration the participation shall be withdrawn on the first date on which such withdrawal can be effected in accordance with the provisions of this section;

The Board is of the opinion that a loan such as that described may cause the bank to have an interest in participations

in the common trust fund, within the meaning of this part, even though there has been no default on the loan.

The Board has heretofore expressed the opinion that a plan for the operation of a common trust fund which contained the following provision is not in conflict with this part:

The Trust Company shall not be deemed to have acquired an interest in a participation in the common fund by reason of an advance to the trust holding such participation (1) if the Trust Company is not entitled to reimbursement out of the principal of the participating trust, or (2) if the advance is adequately secured by assets of the participating trust other than the participation in the common fund.

The Board believes that the same principles apply to loans of the character described above, and that this is as liberal an interpretation of this part as can be justified. Under the facts presented, it appears that the bank could resort to the principal of the participating trusts to collect the loans. Accordingly, in making such a loan, the bank acquires an interest in participations in the common trust fund, within the meaning of this part unless the loan is adequately secured by assets other than such participations. PART 220—CREDIT BY BROKERS, DEALERS, MEMBERS OF NATIONAL SECURITIES EX- CHANGES

BORROWING OF SECURITIES

The following interpretation under this part relating to credit by brokers, dealers, and members of national securities exchanges was issued by the Board of Governors of the Federal Reserve System on July 11, 1947:

§ 220.103 *Borrowing of securities.* The Board of Governors has been asked for a ruling as to whether § 220.6 (h), which deals with borrowing and lending of securities, applies to a borrowing of securities if the lender is a private individual, as contrasted with a member of a national securities exchange or a broker or dealer.

Section 220.6 (h) does not require that the lender of the securities in such a case be a member of a national securities exchange or a broker or dealer. Therefore, a borrowing of securities may be able to qualify under the provision even though the lender is a private individual, and this is true whether the security is registered on a national securities exchange or is unregistered. In borrowing securities from a private individual under § 220.6 (h), however, it becomes especially important to bear in mind two

limitations that are contained in the section.

The first limitation is that the section applies only if the broker borrows the securities for the purpose specified in the provision, that is, "for the purpose of making delivery of such securities in the case of short sales, failure to receive securities he is required to deliver, or other similar cases". The present language of the provision does not require that the delivery for which the securities are borrowed must be on a transaction which the borrower has himself made, either as agent or as principal; he may borrow under the provision in order to relend to someone else for the latter person to make such a delivery. However, the borrowing must be related to an actual delivery of the type specified—a delivery in connection with a specific transaction that has already occurred or is in immediate prospect. The provision does not authorize a broker to borrow securities (or make the related deposit) merely in order that he or some other broker may have the securities "on hand" or may anticipate some need that may or may not arise in the future.

The ruling in the 1940 Federal Reserve Bulletin, at page 647, is an example of a borrowing which, on the facts as given, did not meet the requirement. There, the broker wished to borrow stocks with the understanding that he "would offer to lend this stock in the 'loan crowd' on a national securities exchange." There was no assurance that the stocks would be used for the purpose specified in § 220.6 (h); they might be, or they might merely be held idle while the person lending the stocks had the use of the funds deposited against them. The ruling held in effect that since the borrowing could not qualify under § 220.6 (h) it must comply with other applicable provisions of the regulation.

The second requirement is that the deposit of cash against the borrowed securities must be "bona fide". This requirement naturally cannot be spelled out in detail, but it requires at least that the purpose of the broker in making the deposit should be to obtain the securities for the specified purpose, and that he should not use the arrangement as a means of accommodating a customer who is seeking to obtain more funds than he could get in a general account.

The Board recognizes that even with these requirements there is still some possibility that the provision may be misapplied. The Board is reluctant to impose additional burdens on legitimate transactions by tightening the provision. If there should be evidence of abuses developing under the provision, however, it would become necessary to consider making it more restricted. EFFECT OF FELONIOUS HOMICIDE

Regulations No. 3, as amended (20 CFR, Cum. Supp., 403.1 et seq.), are further amended as follows:

1. Section 403.408 (b) (2) is amended by adding at the end thereof, immediately following subdivision (v), a new subdivision (vi) as follows:

§ 403.408 *Lump-sum death pay-
ments.* * * *

(b) *Persons entitled to receive pay-
ments.* * * *

(2) *Persons equitably entitled.* * * *

(vi) Any individual who has been finally convicted by a court of competent jurisdiction of the felonious homicide of the deceased (see § 403.409).

2. A new § 403.409 and example is added immediately following § 403.408 as follows:

§ 403.409 *Effect of felonious homicide.*
An individual who has been finally convicted by a court of competent jurisdiction of the felonious homicide of an insured individual shall not be entitled to benefits or a lump-sum death payment with respect to the wages of such deceased individual, and he shall be considered nonexistent in determining the entitlement of other individuals to benefits or a lump sum with respect to such wages.

Example. C, age 17, the sole surviving unmarried child of H, who died fully insured,

has been convicted of the murder of his father. H was also survived by his widow, W, age 45, the mother of C.

Neither C nor W is entitled to monthly benefits, since C's right has been forfeited and W has no child of H entitled to benefits in her care. However, a lump-sum payment may be made to W if she is otherwise entitled, and W also may become entitled to widow's monthly benefits when she reaches age 65.

[Suspension Order S-15]

PART 807—SUSPENSION ORDERS

JOHN MACRINA AND NICHOLAS MACRINA

John Macrina and Nicholas Macrina, 431 Mohawk Street, Herkimer, New York, on or about March 1, 1947, began and thereafter carried on construction of a commercial structure for a bowling alley located at Caroline Street, just off Mohawk Street, Herkimer, New York, without authorization and at a cost of about \$27,500. This constituted a wilful violation of Veterans' Housing Program Order 1 and continuation of construction would constitute a violation of the Construction Limitation Regulation, issued June 30, 1947, under the Housing and Rent Act of 1947, resulting in a diversion of scarce materials to uses not authorized by the Office of the Housing Expediter. In view of the foregoing it is hereby ordered that:

§ 807.15 *Suspension Order No. S-15.* (a) Neither John Macrina, Nicholas Macrina, their successors or assigns, nor any other person shall do any further construction on the structure at Caroline Street, just off Mohawk Street, Herkimer, New York, including putting up, completing, or altering the structure, unless hereafter authorized in writing by the Office of the Housing Expediter.

(b) John Macrina and Nicholas Macrina shall refer to this order in any application or appeal which they or either of them may file with the Office of the Housing Expediter for authorization to carry on construction.

(c) Nothing contained in this order shall be deemed to relieve John Macrina, Nicholas Macrina, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

PART 807—SUSPENSION ORDERS

L. T. KOESTER AND WILLIAM STONE

L. T. Koester and William Stone, on or about April 26, 1946, without authorization, began and thereafter until November 5, 1946, carried on construction of a one-story concrete block building with sandstone veneered front, for use as a bowling alley and soft drink and lunch counter, located at 633 W. Water Street, Piqua, Ohio, the estimated cost of which construction was \$35,000. On November 5, 1946, said construction was stopped as a result of a telegram from the Civilian Production Administration. On December 10, 1946, approval was given by Civilian Production Administration to said parties under CPA Form 4423, serial number 3-2-19-C, to do certain work to protect the materials already incorporated in the building, namely, to complete front wall and finish roof, at an estimated cost of \$500. Construction on said structure was resumed in December, 1946, under said authorization and thereafter carried on to an extent which was in excess of the specifically authorized cost of \$500. The beginning of construction on April 26, 1946, and carrying on of construction until November 6, 1946, as aforesaid, and the carrying on of construction after December 10, 1946, in excess of the amount specifically authorized as aforesaid, constituted wilful violations of Veterans' Housing Program Order 1, and continuation of construction would be in violation of Construction Limitation Regulation, issued June 30, 1947 under the Housing and Rent Act of 1947. These violations have diverted scarce materials to uses not authorized by the Office of the Housing Expediter. In view of the foregoing, it is hereby ordered that:

§ 807.46 *Suspension Order No. S-46.*

(a) Neither L. T. Koester, William Stone, their successors and assigns, nor any other person shall do any further construction on the building located at 633 W. Water Street, Piqua, Ohio, other than the construction which was specifically

authorized by the approval on December 10, 1946, of Application Form CPA 4423, serial number 3-2-19-C, unless such additional construction is hereafter authorized by the Office of the Housing Expediter.

L. T. Koester and William Stone shall refer to this order in any application or appeal which they may file with the Office of the Housing Expediter relating to the above premises.

(c) Nothing contained in this order shall relieve L. T. Koester and William Stone, their successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the Office of the Housing Expediter, except insofar as the same may be inconsistent with the provisions hereof.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

Subchapter B—Carriers by Motor Vehicle

PART 180—CONTROL OR CONSOLIDATION OF MOTOR CARRIERS AND THEIR PROPERTIES

COMBINATION OF MOTOR VEHICLES

At a general session of the Interstate Commerce Commission, held at its office

in Washington, D. C., on the 14th day of July A. D. 1947.

Our order of June 6, 1940, 5 F. R. 2270, having prescribed what shall constitute a motor vehicle for the purpose of computing the number of motor vehicles involved in transactions subject to section 213 of the Motor Carrier Act, and

It appearing, that section 213 (49 U. S. C. 213) was repealed, effective September 18, 1940, and the provisions of that section which relate to consolidation, merger, and acquisition of control in so far as they affect motor carriers are now incorporated in section 5 of the Interstate Commerce Act, and

It further appearing, that the public rule making procedure in accordance with section 4 of the Administrative Procedure Act is unnecessary for the reason that this order is merely a reissue of an existing rule for the purpose of showing reference to section 5 of the Interstate Commerce Act which has superseded former section 213, it is ordered, that:

§ 180.2 *Definitions.* For the purpose of § 180.3:

(a) The term "tractor" shall mean any motor vehicle designed and used primarily for drawing other vehicles and so constructed as to carry a part of the weight of the vehicle and load so drawn; and

(b) The term "semi-trailer" shall mean any motor vehicle, other than a pole trailer or a single motor vehicle transported in drive-away operations by means of a saddle-mount, with or without motive power and designed to be drawn by another motor vehicle and so constructed that some part of its weight and that of its load rests upon the towing vehicle.

§ 180.3 *Computation of vehicles involved in unifications.* In computing the number of motor vehicles of a person involved in unifications under the provisions of section 5 of the Interstate Commerce Act (49 U. S. C. 5), the combination of a tractor and a semi-trailer shall be deemed a single motor vehicle and any one tractor may be paired with any one semi-trailer as a single motor vehicle but any tractor or any semi-trailer in excess of those so paired shall be computed as one motor vehicle.

This order shall be effective September 1, 1947, and shall continue in effect until the further order of the Commission.

Notice of this order shall be given to the general public by depositing a copy thereof in the office of the Secretary of the Commission at Washington, D. C., and by filing with the Director of the Division of the Federal Register.

HANDLING OF SHIPPERS PROCEEDS BY MARKET AGENCIES AND LICENSEES UNDER PACKERS AND STOCKYARDS ACT

NOTICE OF PROPOSED RULE MAKING

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), the Secretary of Agriculture proposes to issue a rule amending § 201.42 of the regulations under the Packers and Stockyards Act (9 CFR, Part 201) to read as follows:

§ 201.42 *Shippers proceeds accounts.* Every market agency and licensee shall deposit the gross proceeds received from the sale of livestock or live poultry handled on a commission or agency basis in a separate bank account designated as follows (using the name of "John Doe Commission Company," as an example): "John Doe Commission Company—Custodial Account for Shippers' Proceeds." Such account shall be drawn on only for the payment of the net proceeds to the

person or persons entitled thereto and to obtain therefrom the sums due the market agency or licensee as compensation for its services as set out in its tariffs and for such sums as may be required to pay all legal charges against the consignments of livestock or live poultry as a market agency or licensee may, in its capacity as agent, be required to pay for and on behalf of the owner or consignor. No funds, other than the gross proceeds received from the sale of livestock or live poultry, shall be deposited in said account. The market agency or licensee in each case shall keep such accounts and records as will at all times disclose the names of consignors and the amount due and payable to each from funds in the Custodial Account for Shippers' Proceeds.

KWBU, CORPUS CHRISTI, TEX.

NOTICE CONCERNING PROPOSED ASSIGNMENT OF LICENSE¹

The Commission hereby gives notice that on July 16, 1947 there was filed with it an application for assignment of license of KWBU, Corpus Christi, Texas, from Century Broadcasting Company to Baylor University. The proposal to assign the license arises out of a contract of July 9, 1947 pursuant to which the holders of 50% of the outstanding common voting stock of the licensee (i. e., Crazy Water Company, owner of 250 shares, Fidelity Union Life Insurance Company, owner of 140 shares, Pat O'Daniel, owner

¹Section 1.321, Part I, Rules of Practice and Procedure.

of 130 shares, Mike O'Daniel, owner of 130 shares and James M. Collins, owner of 100 shares) have agreed to sell their total of 750 shares to Baylor University, which presently owns the remaining 50% of stock of said licensee, for a purchase price of \$153.33 a share. The plan contemplates dissolution of the licensee and transfer of the station and its assets to Baylor University. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

On July 23, 1947 the Commission was advised that notice concerning the proposed sale of the above stock was inserted in the "Corpus Christi Caller" and the "Corpus Christi Times", two newspapers of general circulation at that place in conformity with § 1.321 of the Commission's regulations, commencing July 18, 1947.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from July 18, 1947 within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

[Docket Nos. 8286, 8457-8459, 7607]

T. JULIAN SKINNER, JR., ET AL.

MEMORANDUM OPINION AND ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of T. Julian Skinner, Jr., Charlotte, North Carolina, Docket No. 8286, File No. BP-5817; William J. Brennan, Winston-Salem, North Carolina, Docket No. 8457, File No. BP-6068; Walter Olin Nisbet, Jr., Charlotte, North Carolina, Docket No. 8458, File No. BP-6074; Surety Broadcasting Company, Charlotte, North Carolina, Docket No. 8459, File No. BP-6088; Charlotte News Publishing Co., Charlotte, North Carolina, Docket No. 7607, File No. BP-3952; for construction permits.

On April 25, 1947, T. Julian Skinner, Jr., filed a waiver of hearing of his above-entitled application pursuant to § 1.391 of the rules. This application seeking the facilities 930 kilocycles, with 1 kilowatt power, unlimited time, and using a directional antenna, at Charlotte, North Carolina, was filed February 6, 1947, and was considered under the temporary expediting procedure with all other then-pending unlimited time applications for that frequency. On April 10, 1947, the application was designated for hearing in a consolidated proceeding with the application of Mid-Carolina Broadcasting Company requesting the frequency 940 kilocycles at Salisbury, North Carolina (File No. BP-5322, Docket No. 8029). On

May 2, 1947, the latter application was amended, with leave of the Commission, to specify the frequency 1280 kilocycles, and it was removed from the hearing docket. Since the aforesaid waiver of hearing was on file at the time the Mid-Carolina application was amended, the Skinner application was left in a hearing status. The other subject applications, seeking either 930 or 940 kilocycles, were, with the exception of that of Charlotte News Publishing Co., all accepted for filing after May 1, 1947, subsequent to the termination of the temporary expediting procedure. The application of Charlotte News Publishing Co., originally filed August 30, 1945, was amended May 26, 1947, to specify the frequency 930 kilocycles, and removed from the hearing docket.

We believe that action by the Commission in this case under the waiver procedure of § 1.391 of the rules is not justified and would be violative of the purpose for which that provision was adopted. Paragraphs (a) and (d) of § 1.391 follow:

(a) In the case of any broadcast applications designated for hearing, the parties may request the Commission to grant or deny the application upon the basis of the information contained in the applications and other papers specified in subsection (b), without the presentation of oral testimony. Any party desiring to follow this procedure should execute and file with the Commission a waiver in accordance with subsection (f) and serve copies on all other parties, or a joint waiver may be filed by all the parties. Upon the receipt of waivers from all parties to a proceeding, the Commission will decide whether the case is an appropriate one for determination without the presentation of oral testimony. If it is determined by the Commission that, notwithstanding the waivers, the presentation of oral testimony is necessary, the parties will be so notified and the case will be retained on the hearing docket. If the Commission concludes that the case can appropriately be decided without the presentation of oral testimony, the case will be removed from the hearing docket and the record will be considered as closed as of the date the waivers of all parties were first on file with the Commission.

(d) In all cases where the Commission issues a decision pursuant to this procedure without holding the usual hearing, an opinion will be issued by the Commission stating its reasons for its grant or denial of the individual applications. This decision shall have the same effect as a proposed decision, and the procedure thereafter to be followed shall be the same as in the case of a proposed decision made under the regular hearing procedure.

The purpose of § 1.391 was to afford a method of deciding cases without the presentation of oral testimony in those instances in which several applications were involved in conflicts or where one application had been designated for separate hearing for interference with existing stations, or for other reasons which might require a denial, and the reason for designation in either event was extant at the time the waiver was under consideration by the Commission. The procedure was not meant to apply to cases where the conflict or other reason requiring designation had been removed, either before or after a hearing date had been set, since the well established procedures provided by §§ 1.373 (h) and

1.386 of the rules afforded the machinery by which the application involved could be processed to the Commission for consideration on its merits.¹ And no good reason is apparent why § 1.391 of the rules should be construed to accord duplicate relief. On the contrary, if the waiver procedure were to be followed in the instant case, the applicant would have the status of one who had been through a hearing, since under § 1.387 (b) (3) all conflicting applications filed within 20 days prior to the date on which the waiver was filed would be subject to dismissal.² This is obviously unfair to those having copending application.

Inasmuch, therefore, as application of the waiver procedure of § 1.391 is not indicated in connection with the aforesaid application of T. Julian Skinner, and since the other subject applications are either mutually exclusive or involve objectionable interference therewith, the Commission is of the opinion that all

¹ Section 1.373 (h), relative to removal from hearing docket by the Motions Commissioner, provides as follows:

(h) Frequently, when two cases are designated for hearing because they are mutually exclusive, one of the applicants amends and removes the conflict. Where this occurs the appropriate procedure is to petition for leave to amend and remove from the hearing docket. Such motions will be considered promptly and if it appears that the conflict which caused the case originally to be set for hearing has been removed and there is no other obvious conflict, the two cases will be removed from the hearing docket and placed back in their proper position (as determined by the file numbers) in the processing line. Petitions for amendment, removal from the hearing docket, and grant will not be entertained insofar as they request a grant. The Motions Commissioner in acting on such petitions will dismiss the request for a grant. In such a case the matter will simply be put back in its proper place in line.

Section 1.386, relative to petitions for reconsideration and grant without hearing, provides as follows: "Where the Commission has designated an application for hearing, the applicant may file a petition requesting reconsideration and grant of the application without hearing. If the petition shows that a grant of the application without hearing would be consistent with § 1.382, the petition will be granted. Otherwise it will be denied."

² Section 1.387 (b). The Commission will on its own motion name as parties to the hearing.

(3) Any person who, prior to the time the application in question was designated for hearing, had filed with the Commission a mutually exclusive application. Any person filing an application that is mutually exclusive with another application or applications already designated for hearing will be consolidated for hearing with such other application or applications only if the application in question is filed at least 20 days before the date on which the hearing on the prior application or applications is scheduled. If the scheduled date is changed, the date last set shall govern in determining the timeliness of an application for purposes of this subsection. If the application is filed after the 20-day period, it will be dismissed without prejudice and will be eligible for refiling only after a decision is rendered by the Commission with respect to the application or applications designated for hearing or such applications are withdrawn or dismissed.

should be designated for hearing in a consolidated proceeding.

Accordingly, *It is ordered*, This 10th day of July 1947, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said applications of William J. Brennan, Walter Olin Nesbit, Surety Broadcasting Company and Charlotte News Publishing Co., be and they are hereby, designated for hearing in a consolidated proceeding with the said application of T. Julian Skinner, Jr., at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the individual applicants and of the applicant corporations, their officers, directors and stockholders to construct and operate the proposed stations.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed stations and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed stations would involve objectionable interference with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed stations would involve objectionable interference each with the other or with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the proposed installations and operations would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That the order of the Commission, dated April 10, 1947, designating the said application of T. Julian Skinner, Jr., for hearing, as modified by the removal of the application of Mid-Carolina Broadcasting Company from the hearing docket, be, and it is hereby, amended to include the said applications of William J. Brennan, Walter Olin Nesbit, Surety Broadcasting Company, and Charlotte News Publishing Co., and to change issue number 8 thereof to read as issue number 7 above.

Northern Natural also proposes to amend its certificate of incorporation to provide for an increase in the number of authorized shares of its common stock from 1,200,000 shares of common stock, par value \$20 per share, to 5,000,000 shares of common stock, par value \$10 per share.

Northern Natural further proposes to call a special meeting of stockholders to be held on or about August 20, 1947 for the purpose of voting on aforesaid proposed amendments to its certificate of incorporation and other matters, and has requested the Commission to enter an order prior to August 4, 1947 authorizing the solicitation of proxies in connection with said meeting pursuant to the requirements of Rule U-62.

Notice is further given that any interested person may not later than August 15, 1947 at 12:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on the matters set forth in the declaration other than the proposal to solicit proxies in connection with said special meeting of stockholders, stating the reasons for such request, the nature of his interest, and the issues of fact or law raised by said declaration which he desires to controvert, or request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after August 15, 1947 said declaration, as filed or as amended, excepting such portion thereof as is permitted to become effective herein, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100.

It appearing that the solicitation of the proxies from the stockholders of the declarant, as proposed to be done, does not make it necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of the act or the rules and regulations thereunder that the Commission issue any order with respect thereto other than an order permitting the declaration as to such solicitation to become effective, upon the condition, however, that the solicitation material sent to the stockholders shall advise them that they may request a hearing in the manner hereinabove stated with respect to the other matters set forth in said declaration:

It is therefore ordered, That, without passing upon the merits of the declaration filed pursuant to sections 6 (a) (1), 6 (a) (2) and 7, the declaration as to the solicitation of proxies from the stockholders of Northern Natural be, and hereby is, permitted to become effective forthwith upon the condition that the solicitation material sent to said stockholders shall advise them that they may request a hearing in the manner set forth in this notice with respect to the other matters set forth in said declaration.

BANKERS SECURITIES CORP.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 29th day of July A. D. 1947.

Notice is hereby given that Bankers Securities Corporation ("Bankers") has filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 ("act") for an order of the Commission exempting from the provisions of section 17 (a) of the act (1) a proposed sale by Bankers to Girard Life Insurance Company ("Girard") of \$10,000 principal amount Ten-Year 2 1/4% Bonds and \$35,000 principal amount Twenty-Five Year 3% Bonds of International Bank for Reconstruction and Development ("International Bank"), and (2) a proposed sale by Bankers to Union Building Company ("Union") of \$25,000 principal amount Ten-Year 2 1/4% Bonds of International Bank.

Bankers is a closed-end, management, non-diversified investment company and is registered under the act. Bankers own approximately 67% of the common stock of Girard and approximately 32% of the outstanding stock of Union. Girard and Union are, therefore, each affiliated persons of Bankers. With certain exceptions not applicable to the instant application, section 17 (a) of the act prohibits an affiliated person of a registered investment company from

purchasing securities from such registered company. Bankers has, therefore, filed an application pursuant to section 17 (b) of the act for an order of the Commission exempting the proposed transactions from the provisions of section 17 (a) of the act.

International Bank has filed with this Commission a registration statement in connection with a public offering of \$100,000,000 Ten-Year 2½% Bonds and \$150,000,000 Twenty-five Year 3% Bonds which statement became effective by order of the Commission dated July 14, 1947. Bankers has been invited by International Bank to participate as a securities dealer in the public distribution of its bonds and received a total allotment of \$35,000 Ten-Year and \$55,000 Twenty-five Year Bonds. Under the terms of its Dealers Agreement governing the public distribution of the bonds, Bankers is obliged to re-offer the bonds allotted to it at par which is the offering price fixed by International Bank in its prospectus. The agreement further provides that dealers will be allowed a concession of ¼ of 1% of the principal amount of all Ten-Year Bonds and ½ of 1% of the principal amount of all Twenty-five Year Bonds, none of which may be reallocated.

Bankers as a dealer proposes to sell at par plus accrued interest, on a when-issued basis, \$10,000 Ten-Year and \$35,000 Twenty-Five Year Bonds to Girard and \$25,000 Ten-Year Bonds to Union and will receive the commission referred to herein above for its services. Bankers proposes to sell the remaining \$20,000 Twenty-Five Year Bonds to a non-affiliated person. The market price of the Ten-Year Bonds has ranged between a high of 102 and a low of 101½ since the offering date, closing at 101½ on July 24, 1947. The market price of the Twenty-Five Year Bonds has ranged between a high of 103½ and a low of 102½ since the offering date, closing at 102½ on July 24, 1947. Bankers states in its application (1) that the proposed transactions are in keeping with International Bank's plan for a nation-wide distribution of its securities, (2) that the terms of the proposed transactions, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned and (3) that the proposed transactions are consistent with the policy of Bankers as recited in its registration statement and reports filed under the act and are consistent with the general purposes of the act.

All interested persons are referred to said application which is on file at the Philadelphia, Pa., offices of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission at any time after August 11, 1947, unless prior thereto a hearing on the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than August 8, 1947, at 5:30 p. m., in writing, submit to the Commission his views or any additional

facts bearing upon the application or the desirability of a hearing thereon or request the Commission, in writing, that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, and should state briefly the nature and interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

Secretary.
